

Meyer Hotshots

Premium Quality Pedestrian Salt & Grit Spreaders

Models

Hotshot 70HD

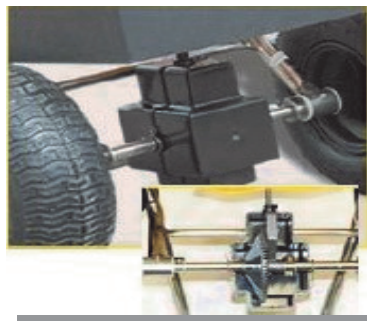

37 litre/32 kg capacity/ 3.6 meter spread width.

Hotshot 100HD

51 litre/45 kg capacity/ 5.4 meter spread width.

Features

- Stainless steel handle and frame and Polyethylene hopper for great corrosion resistance and strength.
- Spreader deflector guard provides reduced spread width for paths.
- Adjustable dial for easy flow rate manipulation.
- Enclosed gear case keeps the gears weather proof and lubricated.
- Internal screen eradicates lumps in the spreading material.
- Weather cap to protect the salt in the hopper from moisture.
- Grease nipples for easy maintenance and longer lasting components.
